

Incisions and Suturing Techniques for Everyday Clinical Success.

COURSE DESCRIPTION

This is a 1-day course specifically designed to address surgical incisions and suturing techniques for teeth and implants. A practical approach using evidence-based dentistry will be applied to discuss specific incision designs to enhance the esthetic outcome. Common suturing techniques will be showed using step by step videos to optimize wound closure. Incisions, flap reflections and suturing types and techniques will be covered in detail through lectures and surgical videos to prepare the participants for the hands-on workshop. During the hands-on program, participants will learn techniques to perform bone graft/membrane adaptation, specific incision and suturing techniques on specially designed study models.

Hands-on Surgical Workshop Learning Objectives:

- Perform particulate bone graft hydration and placement.
- Learn membrane adaptation and soft tissue membrane placement.
- Perform different types of surgical incisions.
- Practice different suturing techniques for teeth and implants.

IN PERSON LECTURE & HANDS-ON WORKSHOP Saturday: August 10, 2024 / 8:30AM - 5:00PM

SPEAKER:

Bassam M. Kinaia DDS, MS, DICOI is the Associate Director of the Graduate Periodontology Program at the University of Detroit Mercy in Michigan. He is also the former the Director of the Graduate Periodontology Program at the University of Detroit Mercy in Michigan as well as the Boston University Institute for Dental Research and Education at Boston university in Dubai. Dr. Kinaia is a Diplomate of the American Academy of Periodontology and the International Congress of Oral Implantology.

Dr. Kinaia currently serves as the Director of the Michigan Periodontal Association. He obtained his DDS degree from the University of Detroit Mercy School of Dentistry in Detroit, Michigan and later completed his Master of Science (MS) and Certificate of Advanced Graduate Studies (CAGS) in Periodontology at the University of Detroit Mercy School of Dentistry and St. John Hospital Health System in Michigan.
