

Clear Aligners Culture for the General Dentist.

COURSE DESCRIPTION

Clear aligner therapy has been available to the general practitioner since the early 2000's. However, it was a mainstay on the same shelf as tooth whitening and powered toothbrushes- an elective product, or an add-on service. Fast forward 20 years, and there is a surge across the country to implement clear aligner therapy in GP offices, not only for the cosmetic enhancement, but for the betterment of a patient's health and function. This course will introduce the elements of a clear aligner culture and its connection to health, function, and harmony of the patient.

OBJECTIVES:

1. Understand what a clear aligner culture is and why it is of great importance to your office health and you patients' oral health
2. introduce the clear aligner playbook and identify avenues of implementation in your office
3. identify the 4 cornerstones of clear aligner therapy and how they lead to the success or failure of every treatment

**IN PERSON - LECTURE - Wednesday:
January 22, 2025 - 6:00PM-7:30PM**

SPEAKER: **Arnaldo (Ron) Direzze, DDS**, is a general practitioner with more than 20 years experience, dedicating his career to continuously advancing his expertise in all parts of his profession. In the last two decades of working with smiles, he has achieved Fellowship in the ICOI, the PFA, and most recently, the AACA. He enjoys all aspects of general dentistry and focuses on Invisalign® treatment, implants, and TMJ issues.

Dr. Direzze graduated from Case Western Reserve University School of Dentistry in 2000. He is a Fellow of the prestigious Pierre Fauchard Academy (2015), Fellow of the International Congress of Oral Implantology (ICOI 2019), Fellow of the AACA (2022) and the AACA Board of Directors (2021).

He is an instructor for 'Comprehensive Clear Aligners' Rondeau Seminars (2021-present). Dr. DiRezze has traveled extensively, lecturing at dental conferences, and participating in a select expert panel with the world's leading TMJ experts. Dr. DiRezze is very excited to be teaching a new comprehensive course in Clear Aligners and Invisalign® Treatment.
